

# Geizka Wahyu Fahriza

Programmer

www.fahrizadev.com

geizka.fahriza@gmail.com

East Java, Indonesia

## Profile

Programmer and game developer. Highly interested in understanding systems and graphics. I really like to debug deep engine source code to fix problems. I can code procedural or OOP using SOLID architecture. I am also experienced in multiplayer using replication and RPC. Highly proficient using C#, C++, Unreal Engine, Unity.

## Education

Sepuluh Nopember Institute of Technology

Surabaya, East Java, Indonesia  
Informatics Engineering  
GPA 3.62  
Cum Laude

## Key Skills

Programming  
Graphics  
Debugging

Problem-solving

## Experience

Experienced in programming features and system using Unreal Engine and Unity. Proficient in C# and C++. I like to debug and read deep unreal source code to learn how things work. I helped Stairway Games shipped Coral Island by implementing features, fixing bugs, and console certification.

Jan 2021 - April 2021

Intern Game Programmer  
Shopee

Jan 2022 - Present

Game Programmer  
Stairway Games

## Communication

I helped writers streamline importing and exporting to unreal. I coordinate with QA to solve problems. I also communicate well in team when creating features usually with people from different domains such as animators, sound engineer, and game designers

## Leadership

Successfully lead a team in a game programming competition Indie Game Ignite Compfest. We finished with a student reward from our Game "Spell Work". You can see the game at this [link](#)

## Notable Personal Project
